## EDUCATION

*Master of Arts, Economics*

Warsaw School of Economics, Warsaw,

November 2006

Thesis (in polish) - "Problem of Induction in Methodology of Economics"

Supervisor - prof. Marek Gora

*Master of Arts, Economics*

Warsaw School of Economics, Warsaw,

November 2006

Thesis (in polish) - "Solution of the Problem of Identifiability of Hidden Markov Models in the 3 State Case"

Supervisor - prof. Monika Dedys

*Master of Arts, Economics*

Universidad Carlos III de Madrid, Madrid,

October 2011

Thesis - "Testing for autocorrelation in functional autoregression model with functional response"

Supervisor - prof. Carlos Velasco Gómez

*Studies, Mathematics*

Warsaw University, Warsaw,

2001 - 2009

*High School,*

Malachowski High School, Plock, Poland

September 2000

Oldest school in Poland, Silver Medal

Two times Mathematics Olympiad participant

## Working Papers

*"Asymptotically pivotal transforms of residuals sample autocorrelation for weak VARMA"*

May – December 2012, (4th year, conference Gothenburg EEA, August 2013)

*Specification Analysis of Functional Autoregressive Models*

June – November 2013, (Phd thesis, Job Market paper)

## Other

- **Computer Skills:** Object oriented languages, Preferred scientific software, MATLAB
- **Languages:** Polish, English, German, Spanish
